PADI Advanced Open Water Diver

Expand your diving skills and go deeper!

Whether you want to dive on your vacations down south, or explore our historic local waterways, your training with Action Scuba will ensure that you'll be a safe and confident scuba diver wherever you go. And of course, you'll have fun while learning!

SPECIAL FOR NEWLY CERTIFIED DIVERS!

Save up to \$66!

Register and pay for your Advanced Course within 30 days of completing your Open Water certification with Action Scuba and save 50% on your weekend equipment rental and airfills.

Course Description: Our expert instructors and support team will guide you through 5 adventure dives so that you can fine tune your underwater skills and experience diving in new environments. These adventure dives include deep, wreck, search and recovery, underwater navigation and peak performance buoyancy. At the end of the course, your globally recognized PADI certification will allow you to dive in open water anywhere, to a depth of up to 30 metres or 100 feet (ages 15 and older), where you will feel more prepared and confident. In addition, your individual adventure dives can count towards the appropriate complete PADI specialty course, such as PADI Deep Diver, and get you closer to your ultimate goal of Master Scuba Diver.

Prerequisites: Certified as PADI Open Water or Junior Open Water diver before the course begins but may sign up for both at the same time. Good health, reasonable fitness and comfort in the water. Additional limitations apply to divers under the age of 15 for some of the adventure dives. Ask us for details.

Training with options: We've taken the standard PADI advanced course and added other popular specialities to offer an additional premium option that is exclusive to Action Scuba. This includes our most popular speciality course, PADI Enriched Air (Nitrox), which allows you to dive on higher oxygen blends and therefore extend your bottom time and decrease fatigue, as well as our National Geographic course.

The choice is yours!
