## Action Scuba Continuing Education

### PADI Rescue Diver

Dive safer. Build confidence. Get ready to go Pro.  
**Become a PADI Rescue Diver for only \$359**

Challenging and rewarding best describes the PADI Rescue Diver course. This course will expand your knowledge and experience level and give you more confidence as a diver. Rescue Divers learn to look beyond themselves and consider the safety and well being of other divers. Rescue Diver training will prepare you to prevent problems and, if necessary, manage dive emergencies.

This course is essential for anyone with plans to become a Divemaster or a Master Scuba Diver, who wants to be a safer diver, or for parents who dive with their kids.

Many divers say this is the best course they've ever taken. You'll cover:

- Self-rescue and diver stress
- Emergency management and equipment
- Panicked diver response
- In-water rescue breathing protocols
- Dive accident scenarios

#### Includes

- Knowledge Development: Five modules over three nights
- Number of Dives: 12 exercises and scenarios over two days
- Prerequisites: PADI Advanced Open Water Diver (or qualifying certification from another training organization). Certification in CPR within the last 24 months (see our Emergency First Response course). Minimum age applies.
- Certification is a pre-requisite for the Master Scuba Diver rating, your ultimate goal as a recreational diver, and all professional level training starting at the PADI Divemaster level.
