

Keep Diving!

PADI Advanced Open Water Diver

Once you complete your PADI Open Water Diver course and become a certified diver, your adventure is just beginning! Continue your training with the PADI Advanced Open Water Diver course to become a more confident and comfortable diver.

Course Description: Our expert instructors will guide you through 5 adventure dives that allow you to experience new dive environments and fine-tune important scuba skills, such as buoyancy and navigation.

These adventure dives include deep, wreck, search & recovery, underwater navigation and peak performance buoyancy. A night dive is available as an option.

At the end of the course, your globally recognized PADI certification will allow you to dive in open water anywhere, to a depth of up to 30 metres or 100 feet (ages 15 and older), where you will feel more prepared and confident. In addition, your individual adventure dives can count towards the appropriate complete PADI specialty course, such as PADI Deep Diver, and get you closer to your ultimate goal of Master Scuba Diver.

Combine and save!

Save up to \$150: Open Water + Advanced

Save up to \$400: Advanced + Rescue

Prerequisites: Certified as PADI Open Water or Junior Open Water diver before the course begins but you may sign up for both at the same time. Good

health, reasonable fitness and comfort in the water. Some limitations may apply to divers under the age of 15.

Training with options: Try our Premium Advanced Open Water Diver course that includes our most popular specialty course, PADI Enriched Air (Nitrox), and many extras. Or opt for the private executive treatment with our VIP Diver course. **The choice is yours!**
